

Why MassageTableRentals?

Using quality products and great service, we can take the fuss out of renting your face-down recovery equipment. Let us help select the right equipment for your recovery needs and budget, and enjoy a comfortable and successful result following your eye surgery!

About Us

With over 40 years of combined experience in the massage therapy and supply chain industries, we're here to take care of the details and get your equipment to your location when you need it.

We Provide:

- High quality, eco-friendly quality equipment you can trust and rely on
- Peace of mind...with our focus on service
- Expertise in logistics to get your equipment there one time!

5 Great Reasons to Rent from

MassageTableRentals.com

1. Great Service!

Have the right equipment there on time at affordable prices. Single table or quantity table rentals are available.

2. Convenient & Easy

Enjoy convenient online rental reservations. We handle the details with professional packaging, return labels, and pickup instructions included, as well as easy integration with conference, event, sporting, hospitality, & hotel management staff

3. Perfectly Portable & Lightweight

Lightweight wood and aluminum equipment made by the best quality makers.

4. Preferred Delivery - Quick Service

Don't pay retail! We can help with shipping costs. We can work with you quickly, too, by using area courier service.

5. Convenient Added Accessories

Rent bolsters or "Toppers" as needed. Disposable sheets and covers & washable sheets also available.

Quality & Eco-Friendly!

Wondering why we work with Oakworks and Stronglite equipment, and a Sleep System from Body Support Systems? Let us tell you about the quality of these products!

1. Oakworks Equipment Standards

- Oakworks, Inc, the premier US manufacturer of spa tables, massage tables, and medical tables and accessories announced its ability to produce treatment tables that comply with one of the industry's most stringent fire codes, CA 133 in 2008.
- OAKWORKS uses only the best materials to build their products, carefully selecting raw materials to ensure products withstand wear and tear placed on them. They select materials that are environmentally friendly, and use decades of experience in the industry to select PVC free materials that don't contain environmentally harmful dyes and chemicals
- Each product is put through hours of extensive testing to ensure that design and construction will withstand stresses from daily usage, including testing by outside sources such as Underwriters Laboratories.

3. Stronglite Seated Support Design

- Functionality, durability, value and aesthetics are important. Stronglite seeks to find the perfect balance of these qualities, favoring function over aesthetics.

4. Body Support Systems Sleep System

- The contoured design of the *bodyCushion* is an orthopedic positioner created for maximum comfort and ultimate relaxation, allowing deep breathing, comfort for the low back, legs, neck and shoulders. This product adjusts to all sizes and shapes for men and women!

How to Use Rental Equipment

Oakworks Portable Seated Support Chair

- Good for sitting up and having support.
- Provides exceptional comfort for any size client
- Allows for quick and easy adjustments to the arm rests, knee pads, chest pad, face rest, and seat
- Most stable, strong, and supportive chair on the market
- Gracefully designed with curving, sleek lines

Oakworks Portable Desktop Unit

- Allows to easily sit and eat or read
- Used at a table or desk
- light, portable unit that comes in a case and is the easiest thing to transport
- the least expensive face-down recovery option available
- Can be used with your own chair or be upgraded to the Portable Massage Chair above

Body Support Systems 3-Piece Body Cushion Sleep System

- An excellent face-down solution for increasing comfort while sleeping
- Used for face-down Vitrectomy or eye-surgery recovery, this quality vinyl unit is allergy-free and cleaned between rentals with a non-soap enzyme-based cleaner
- A patented, specific-density contoured construction that provides optimal support for reducing pressure and tension in your body.

Frequently Asked Questions

If my equipment is shipped, when will it arrive?

Rental equipment arrives the day prior to your first rental use day.

How do I get equipment back to MassageTableRentals?

If your tables are being shipped back to us, we use a package return program with FedEx Ground. This ensures that your shipping rates stay low. Labels are provided on the inside of Box 1 of your shipment. Find box one by looking at the numbers on the shipping labels. Call 800-GOFEDEX on the day your event ends, to schedule the package return pickup.

Are face cradles included?

Yes!

Are bolsters included?

We rent these separately, as not all renters want them. They are not included, but are available for a small fee.

How do I get a specific price for my rental?

Use online rental request form available at massagetablerentals.com/rental_request.htm, or call us at 800-687-5199. Estimates are sent via email or postal mail, and orders for fast delivery can be taken over the phone.

How do I make the rental reservation?

Complete a rental agreement online, or print and fax the agreement if you prefer. Provide payment information, and your rental reservation is complete. Just call, or fax credit card info on the downloadable credit card form.

Why is there a deposit required?

Your deposit allows us to maintain quality equipment in good condition. It covers the cost of repairs or lost parts if equipment is damaged while in possession of a renter. We usually authorize a credit card for your deposit, and never charge the card if the items are returned on time and without damage, including lost parts, broken parts, or cuts or tears in the fabrics.
